5 Unless they have armor, some signs and barriers aren't going to stop us. We start welding steel plates to some killdozers and fuck em in the ass! This is war if they try to use force against we the people.

18 Better than most Michigan roads.

▼ Adolf Whitmer got elected by Dominion by the people on "fix the damn roads" and she failed on it

9 I've always said Michigan roads are designed to sell more cars.

2 They need to take a page out of Texas' book and fix their damn roads in these blue shithole states. Except for I35. Don't pay any attention to I35.....

8 Yup, I've seen a huge reduction in comments and upvotes since yesterday. Everyone is on the road or in a plane it seems.

5 First thing I noticed before the speed. Goddamn. Your car is gonna need a front-end alignment after driving on that shit.

4 you don't travel the North East much... that is why everyone up here laughs at the idea of self driving

cars

5 Like our forefathers and the brave drummer boys who served with them, we need our own updated playlist of MAGA Songs to ride into battle with.

I'll start us off with those GEOTUS/his team has shared so far:

Nico Vega - Beast

The Score - Unstoppable

Miles Guo - Fight for Hong Kong

And a personal favorite battle song that I will be playing as I ride into DC, recommended by General George Washington:

AC/DC - If You Want Blood

It's time to get hype PATRIOTS!

THE BATTLE IS NEAR!

MAGA

Enjoy the tunes and I'll see you soon, Patriot!

5 Hundreds of billions of dollars sent to foreign countries for gender studies, etc. and look at the state of that interstate highway.

Looks like I-70 West of Dayton. Could have sworn that section was supposed to be rebuilt with Obama's shovel ready jobs bailout.

Just remember OPSEC. Don't give out your position and don't talk to people about what you are doing on the way there. Snakes love to pretend to be frens. Don't look like a Trump supporter if that makes sense
